Application as Waiter

Dear Ms. Glinder

When I read your job advertisement as Waiter on your website, I noticed how well your requirements align with my own skills. I am very interested in applying for the position.

My qualifications match your requirements exactly. As you will see from my CV, at the moment I work for Hotel Sherabon in Berlin and I have solid experience in banquet service. My English knowledge is very helpful to serve the international guest. Last month, I finished my 12 weeks evening course of wine master, to advise the guests in a high quality.

Should you have any questions, feel free to call me at the number listed above or contact me via email.

Yours sincerely

Charles Hunger
