Application as Sales Manager

Dear Mr. Wander

For the open position as Sales Manager which is advertised on your homepage, I apply with interest.

Last year, I finished the international Sales Manager with certificate by the business school of Work. My experience which I made during the last years by Sales Comp AG make me an ideal candidate for the position. I have been working with SAP R/3 (Module SD) and MS-Office in a variety of settings for seven years. The enclosed CV / resume elaborates on the details of my skills and experience.

Should you have any questions before that time, feel free to call me at the telephone number listed above or contact me via email.

Yours sincerely

Michael Kongas
